- Proficiency in MS suite

HOBBIES AND INTERESTS

- Jogging
- Volunteering
- Cycling

DENNIS MUGO THAIRU

AREAS OF EXPERTISE AND COMPETENCIES

Resourceful and dedicated university Student seeking a Software Developer position. I am adept in bringing forth expertise in design, installation, testing and maintenance of software systems. Proficient in various platforms and programming languages. Experienced with the latest cutting edge development tools and procedures. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. I am looking to advance my software development skills through an entry level opportunity by coming up with innovative solutions that add value to the organization.

PAST PROJECTS

ChatPDF (<https://www.chatpdf.wiki/>)

A web-based chatbot that analyses pdf files provided by a user and gives responses based only on the pdf files. It is built on langchain (for fine-tuning) and openAI's Large Language Model.
<https://github.com/Dennis-Mugo/shake>

Tiba AI (Android Mobile Application)

An OpenAI-based health assistant that allows a user to input their medical queries and symptoms. The application then provides medical diagnoses and recommendations to the user.
